

Product Bulletin • Miltown Collection **COMBINES STYLE AND DURABILITY WITH ENVIRONMENTAL FRIENDLINESS**

THE MILTOWN COLLECTION combines style and durability with environmental friendliness and possesses many features which make it a perfect solution for both cold-weather and warm-weather climates. Polyurethane insulation is foamed in place, which ensures a consistent density and significant panel strength. 1-3/4" thick with an R-value of 16, the Miltown Collection contains a standard tongue and groove joint and a true thermal break. Miltown Collection is available in 3 design choices. The raised panel mirrors the style of a traditional garage door, the ribbed panel resembles horizontal wood planks and the carriage house panel design offers an authentic replication of a high-end wood garage door.

KEY FEATURES AND BENEFITS:

- 1 3/4" thick, R-value 16.3
- Tamper resistant safety bottom bracket eliminates tampering of cable while door is under tension
- Environmentally friendly polyurethane insulation, 100% CFC free
- True thermal break - chemically sealed and bonded prevents cold/heat transfer to interior of door
- Tongue and groove joint with closed cell foam tape protects against wind, rain, snow and air infiltration
- Triple strip hinge and strut reinforcement strips
- Available in White, Almond, Sandstone, Brown, Light Oak, Walnut, Medium Oak and Rosewood
